CONUNDRUM HOLDINGS

Concrete Plant Manager

Conundrum Holdings is a family-owned business with a reputation for industry leading practices, with quarries and pre-mixed concrete sites across Victoria.

Why join our Team?

Join a supportive, experienced team committed to your Health, Safety and Wellbeing. We offer ongoing training, opportunities to diversify your skills and above-Award rates to reward your hard work.

What's the Role?

- Organising and overseeing the concrete plant, with a focus on safety, quality, environment and efficiency, to ensure:
  - The successful day to day management and operation of the Concrete Plant.
  - That product quality is maintained.
  - Compliance with all Local, State and Federal legislative requirements.
  - A positive work environment with a focus on maintaining high standards through housekeeping and maintenance.
- Proactively support sales and marketing activities by identifying opportunities, promoting our products and representing the company professionally to help strengthen our market position.
- Developing and enacting the budget for your Area of Work.
- Complying with policies, procedures and applicable legislation, including completing ongoing training, daily checklists and reporting requirements to ensure the safe performance of all duties.

Site: Wim Mix Concrete

Location: Horsham, VIC 3400

Employment Type: Full-time

Working Hours: min. of 38 (+ overtime incl. rotating Saturdays as required).

Remuneration Package: a highly attractive remuneration package is on offer for the suitably qualified and experienced candidate with annual wage reviews, to be discussed at the interview stage.

Training Opportunities: Both internal and external training will be offered.

Do you have what it takes?

- Previous experience in a similar position with strong technical knowledge (and/or education) of concrete, mix designs and associated products.
- Front End Loader experience is desirable
- Strong work ethic and commitment to make things happen with the flexibility to adapt to changing customer needs
- High level of problem solving, analytical and planning skills.
- Proficiency in Microsoft suite & experience with SAP and UBatch control systems (preferred)
- Honesty, integrity, fairness and a positive attitude.
- High personal hygiene and presentation standards.

Application Process

Job Description provided upon request. Interview process includes skill testing in literacy and numeracy. Pre-employment medical (incl. drug screen), police check and six-month trial period are required.
