

# Conundrum Holdings Pty. Ltd.

---

## Media Statement

3<sup>rd</sup> March 2021

---

This has been a long and worthwhile application, with many opinions and recommendations. While we are yet to be fully informed about the details surrounding the ministerial call-in, we stress that the process is still continuing.

Conundrum accepts the Minister has taken charge of the application given the massive impact this will have on Victoria's infrastructure and thousands of jobs locally and across the quarrying and construction sector.

*Ron Kerr  
Managing Director  
Conundrum Holdings Pty Ltd*
