

**CONUNDRUM  
HOLDINGS**

**Media Statement**  
**25 March 2024**

---

Conundrum Holdings, whilst dismayed at the continued misinformation and fearmongering around this matter, supports the motion itself to “ensure that the Wallan and Beveridge communities are made fully aware of the State Government’s decision regarding [our] proposed [North Central Quarry] as soon as it is made”.

The process to establish this much-needed quarry has been long and thorough. This location has been known to contain a strategic extractive resource, with its basalt reserves earmarked by the State since 1993 which remains today. We are hopeful that in the not distant future we will be able to secure these quarry resources and play a critical role within the northern corridor.

Answers to common questions have been and remain articulated on our website,
